

SERVICE SNAPSHOT

MACADAMIA GROWER SUPPORT

The Levubu Centre for Excellence provides an integrated training and compliance support service to help growers improve productivity, meet certification requirements, and maintain access to high-value markets. Our approach combines hands-on training, practical system implementation, and audit preparation, ensuring that knowledge translates into real on-farm results.

Practical training

Practical training for growers and farm teams which build skills and improve performance and reduce risk.

Orchard management & production

- Basic Production Principles (Emerging Growers).
- Macadamia 201 (Mac 201).

Pest monitoring & IPM

- Scouting training (nursery & producer level).
- Macadamia beneficials training.

Quality & Postharvest

- Kernel and Nut-in-Shell (NIS) defect assessment.

Compliance and certification support

Get audit ready and stay compliant. We provide end-to-end support to help you meet certification and market requirements.

- Interpretation and implementation of standards.
- Development of policies, procedures, and SOPs.
- Design of recordkeeping and traceability systems.
- Training of staff aligned with certification requirements.
- Internal audit preparation and mock audits.

Standards we support:

Social & Environmental

- SIZA (Social & Environmental Compliance).
- Rainforest Alliance.
- LEAF.

Good Agricultural Practices & Market Standards

- GlobalG.A.P. (IFA).
- GRASP.
- NURTURE.
- SPRING.
- Farming for the Future (Woolworths).
- Additional retailer and export standards.

Sustainability

- Carbon footprint benchmarking & reporting.
